

Dayue will be responsibility for guiding Installation and commissioning, training workers etc. from A to Z service, provide one year warranty time for each production line.

## Smallized Cut To-Length Line ( For processing 600-800mm width coil)

### Cut -To-Length Line Features:

1. Cutting accuracy and precision  
Due to the machine solidity
2. High Quality On Flatness
3. High precision cut to length control
4. High quality on cutting
5. Perfect stacking
6. Easy to operate human-computer interface
7. Easy and simpleness maintenance

Model	CL-650-6	CL-800-8	CL-800-10
Processing Material	Cold-rolled steel coil ,Galvanized Coil, Color-Coated coil , Stainless Steel coil		
Processing sheet thickness	0.2-2.3mm	0.3-2.0mm	o.5-3.5mm
Processing sheet width	650mm (Max)	800mm (Max)	800mm (Max)
Coil Weight Permitted	6Ton (Max)	8 Ton (Max)	10 Ton (Max)
Cutting Accuracy	Cutting $\pm 0.3$ mm, Acc/decelerate $\pm 0.4$ mm		
Line Speed	60m/min-80m/min
